

# Safety Data Sheet

## Section 1: Identification

### Product identifier

Product form: Mixture  
Product name: Kontrol

### Intended use of the product

Intended use: To neutralize sanitizers and disinfectants in grease traps

### Responsible party

Superior BioSolutions LLC  
7352 Darlin Ct Unit 1  
Dane, WI 53529  
800-553-5573

### Emergency telephone number

Manufacturer: 800-553-5573  
Hours: 8am – 5pm *CST*

## Section 2: Hazards Identification

### Classification of the substance or mixture:

Class: Eye irritant      Category: 2      Hazard statements: Causes eye irritation

### Label elements:

**Warning** Causes serious eye irritation

**Wear safety glasses**

**Wash hands thoroughly after handling**

**IF IN EYES:** Rinse cautiously with water for several minutes; Remove contact lenses, if present and easy to do.

**If eye irritation persists get medical advice/attention**

## Section 3: Composition/Information on Ingredients

### Mixture

Exact percentages and full ingredients list are Trade Secrets.

## **Section 4: First Aid Measures**

### **Description of first aid measures**

**IF IN EYES: Rinse cautiously with water for several minutes; Remove contact lenses, if present and easy to do.**

**If eye irritation persists get medical advice/attention**

## **Section 5: Fire-Fighting Measures**

### **Extinguishing media**

**Suitable extinguishing media: any**

**Unsuitable extinguishing media: none**

### **Special hazards arising from the mixture**

**Unusual fire or explosion hazards: None**

**Reactivity/incompatible materials: reacts with acids**

### **Advice for firefighters**

**No special procedures or gear required.**

## **Section 6: Accidental Release Measures**

### **Personal precautions, protective equipment and emergency procedures**

#### **Protective gear**

**Safety glasses**

#### **Environmental precautions**

**Sweep up released substance. Put into suitable container. Violent exothermic reaction with strong acids: release of carbon dioxide, which is heavier than air and will collect in ducts, drains and low lying areas.**

#### **Methods and material for containment and cleaning up**

**Sweep/scoop it up, place in suitable (non-metallic) container**

## **Section 7: Handling and Storage**

### **Precautions for safe handling**

**Handling: No special precautions required**

### **Conditions for safe storage, including any incompatibilities**

**Storage: Store in a cool, dry place.**

#### **Keep away from:**

**Do not allow strong acids to come into contact with product**

## **Section 8: Exposure Controls/Personal Protection**

**Control parameters**

**No data available**

**Exposure controls**

**Individual protection measures, such as personal protective equipment**

**Eye protection: safety glasses**

## **Section 9: Physical and Chemical Properties**

**Information on basic physical and chemical properties**

**Physical state: Dry powder**

**Color: White**

**Odor: Characteristic. Mild**

**pH: Data lacking**

**Flash point: Data lacking**

**Auto-ignition temperature: Data lacking**

**Decomposition Temp.: Data lacking**

**Flammability: Non-flammable**

**Solubility: Mostly water soluble**

**Explosive properties: None known**

**Oxidizing properties: Not an oxidizer**

**Explosive limits: No known explosive properties**

## **Section 10: Stability and Reactivity**

**Reactivity: Product has basic reaction**

**Chemical stability: Stable**

**Possibility of hazardous reactions: Reacts with some metals. Reacts with strong oxidizers.**

**Conditions to avoid: None known**

**Incompatible Materials: Strong acids, some metals**

**Hazardous decomposition products: Reaction with acids: release of harmful gases/vapors**

## **Section 11: Toxicological Information**

**Information on toxicological effects**

**Eye irritant**

## **Section 12: Ecological Information**

When used as directed, product neutralizes the harmful environmental effects of sanitizers, disinfectants and acids.

**Persistence and degradability:**

Helps create conditions suitable to biological processes.

## **Section 13: Disposal Considerations**

Due to the product's long shelf life there is no need to dispose of it. Lid and empty container may be recycled. If there is no longer a need for the product, dispose in accordance with local, state, national and/or international regulations.

## **Section 14: Transport Information**

No special requirements.

## **Section 15: Regulatory Information**

No data available

## **Section 16: Other Information**
